Please visit www.enartisvinquiry.com and take a look!

Enartis Vinquiry is part of Enartis International which has offices in the United States, Italy, France, Portugal, Spain, South Africa, Argentina, Chile, Australia, New Zealand, and China. Enartis is the enology division of the Esseco Group, an international industrial group that has been developing advancements in the sulfur derivatives and enology industries for 85 years. Esseco is the world's largest producer of potassium metabisulfite, including the high-purity, non-clumping enological product Winy. Enartis Vinquiry offers specialty winemaking products, laboratory supplies, analytical services, and consulting. Headquartered in Windsor, California, Enartis Vinquiry also has branches in Napa, Santa Maria, and Paso Robles.
