

# Stelvin®

## The original aluminium screw cap for wine

Stelvin® the original wine screw cap developed more than 40 years ago, is the market reference. The Stelvin® screw cap uses specific liners that respect the ageing process and deliver uncompromised flavours and aromas. It is TCA-free, easy to open and guarantees no leakage. The Stelvin® brand offers the most attractive range of screw caps on the market today.

## Features

- **Stelvin®:** original screw cap, printed on the top and skirt
- **Stevin®+:** top embossed with or without printing. No ink overlap on skirt
- **Stelvin® Lux:** plastic insert in the aluminium shell
- **Stelvin® Lux+:** combination of Stelvin®+ design features and Stelvin® Lux plastic insert

## Key benefits

- **Stelvin®:** known value, wide range of design options with or without decoration
- **Stelvin®+:** intricate designs possible through silk screen printing and embossing techniques
- **Stelvin® Lux:** premium appearance with smooth opening, no external threads
- **Stelvin® Lux+:** combines sophisticated printing and premium appearance with lack of external threads

## Applications

Wine

## Packaging process

### Format

BVS finish European Standard BVP - GME 30.13

BVS finish US Standard - GPI - 1680-03

Size	Ø M ± 0.2	Height +0.2 / -0.3 mm	Profile
22 H 30	22.7	299	1
25 H 43	25.6	42.9	2
28 H 44	28.4	43.9	3
30 H 50	29.7	49.9	3
30 H 55	29.7	54.9	3
30 H 60 *	29.7	59.9	3
31.5 H 60 *	31.4	59.9	3

\* STELVIN® + is only available in size 30 H 60 and 31.5 H 60

### Capping conditions

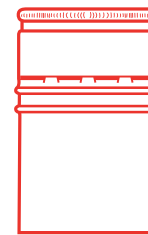

Stelvin® and Stevin®+ require special capping heads

Stelvin® Lux and Stelvin® Lux+ require special capping equipment

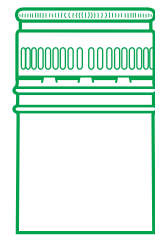

## Added value

Technical service, quality and innovation.

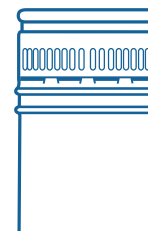

Amcor is recognised for its sustainability achievements by various organisations and included in the Dow Jones Sustainability World Index. By reducing spoilage, the screw cap avoids waste and therefore offers environmental benefits when compared to other closures.
