

# Rolltop

## Easy to use poly laminated overcaps with numerous design possibilities for wine and spirits

Amcor's Rolltop capsule is ideal for the core wine and spirits market. It is easy to use on high-speed capping lines and enhances the product presentation thanks to its smooth finish. It offers multiple decoration possibilities that can be combined - embossing, hot stamping and 4-colour printing. The Rolltop+ capsule with tear-strip offers a clean and easy opening system.

## Features

- Preformed shoulders and separation ring
- Tear band option
- Two different finishes (shiny or matt wax)
- Embossing, hot-stamping and up to 4-colour printing

## Key benefits

- Smooth finish thanks to preformed shoulders and easy to use on high-speed capping machines
- Easy-opening system
- Choice of finishes
- Wide range of design options - in isolation or combined

## Applications

Still wine & spirits

## Packaging process
